A Celebration of Neurosurgery

Congress of Neurological Surgeons 2010 Annual Meeting

1958: First Time in San Francisco, Targeting Neurosurgeons in Training

Dr. Richard L. DeSaussure, Jr.

-3-

May 9, 1958

I would like to propose that the very young neurosurgeons be enticed into the Congress by offering Junior Memberships to neurosurgical residents. This plan has apparently worked satisfactorily in the American Academy of Neurology. The junior members could be limited to residents (my preference) or could include residents and uncertified men who have completed residency (which would be more in accord with the proposed changes in the Bylaws).

Sincerely yours,

John R. Russell, M. D.

JRR:gg
Encs.

1967: Asserting a Leadership Role On Behalf of Neurosurgeons

During the second meeting in San Francisco, the CNS launched an ambitious project led by Survey Committee Chairman, Dr. George Ablin, compiling the first ever directory of the world's neurosurgeons.

1995: Embracing the Internet Age

Ralph G. Dacey, Jr.
CNS President

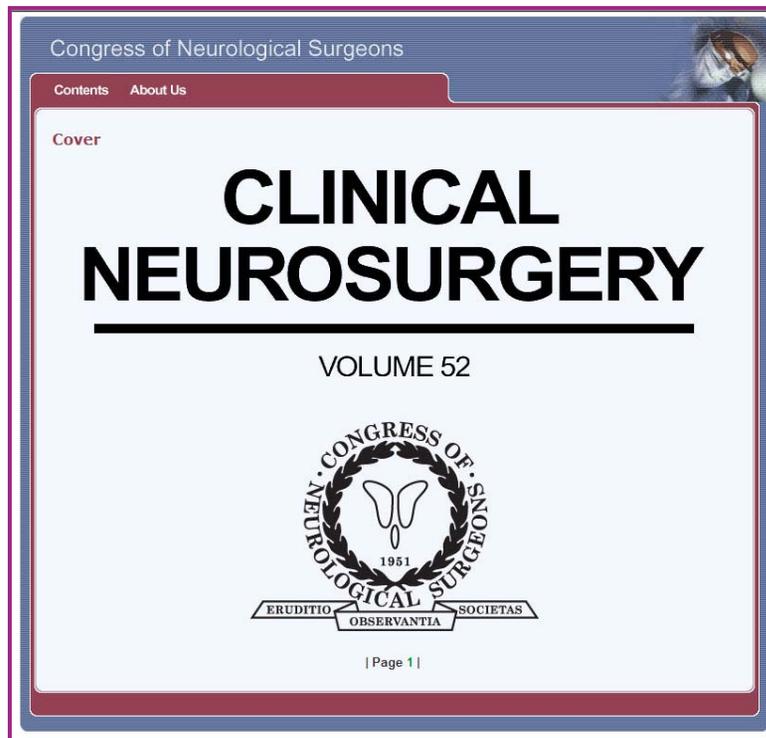

In 1995, the CNS introduced the IRIS System for real time interactions with meeting attendees, and for the first time ever broadcasted the Annual Meeting's General Scientific Sessions in real time on the internet.

2004: Last Time in San Francisco

Vincent C. Traynelis, CNS President honoring
Arnold H. Menezes, Honored Guest

The selected vignettes from past meetings in
San Francisco illustrate a culture of
“exceeding expectations” that has become
the destiny of the CNS.
